Dhaka-1212

About Us

Rapidtech Solution Company (RSC) started its journey in 2014 with the vision of becoming a trusted partner in the construction chemical and engineering sector of Bangladesh. Since inception, RSC has been working jointly with renowned international companies such as Sika Bangladesh, Pidilite Speciality Chemicals (BD) Pvt. Ltd., High-Tech Grinding (China), CP Crete MF (Malaysia), and Corrotech Construction (Dubai) as an authorized applicator and distributor.

In February 2020, **RSC** expanded its operations by importing high-quality construction chemicals directly from Malaysia, Dubai, and China. Alongside product distribution, the company also developed a dedicated construction wing, backed by skilled technical personnel, to deliver specialized application and engineering services.

Over the years, **RSC** has built a strong reputation for supplying and applying a wide range of construction solutions including concrete admixtures, fair face skim coating, fair-faced plaster, flooring products, multi-color floor hardeners, epoxy & PU flooring, concrete polish flooring, hexa flooring, repair products, grouts, sealants, protective coatings, waterproofing solutions, adhesives, and surface treatment products.

Our Mission

To provide world-class construction chemicals and engineering services that ensure durability, safety, and sustainability of modern and old structures, while continuously adding value to Bangladesh's construction industry.

Our Vision

To become a pioneer engineering service provider in Bangladesh in the field of:

- RCC repair, restoration, and rehabilitation of old structures such as buildings and bridges.
- Cathodic protection services for civil structures in coastal belts.
- Delivering advanced construction chemical products and technologies that contribute to stronger, safer, and more sustainable infrastructures.

Our difference is that we adhere to the Business Philosophy
"Quality First and Customer Oriented"
Our Ultimate Goal is to be a Time-honored Brand

Our Services

- Construction & Consultancy
- Repair, Strengthening & Retrofitting
- Epoxy & PU Flooring Solutions
- Floor Hardener System
- Fair Face Skim Coating
- Fair Face Application
- Waterproofing Solutions (Coating, Membrane & Plugging System)
- Epoxy & Pressure Grout Injection
- Expansion Joint Works
- Industrial Polished Concrete
- Water Leakage Treatment

Product Range

- Repair & Retrofitting Products
- Fair Face Materials (Supply & Apply)
- Waterproofing Systems
- Repair & Strengthening Materials
- Grouts & Sealants
- Flooring Products
- Fiber Reinforced Polymer (FRP) Materials
- Colour Floor Hardener

Partnerships

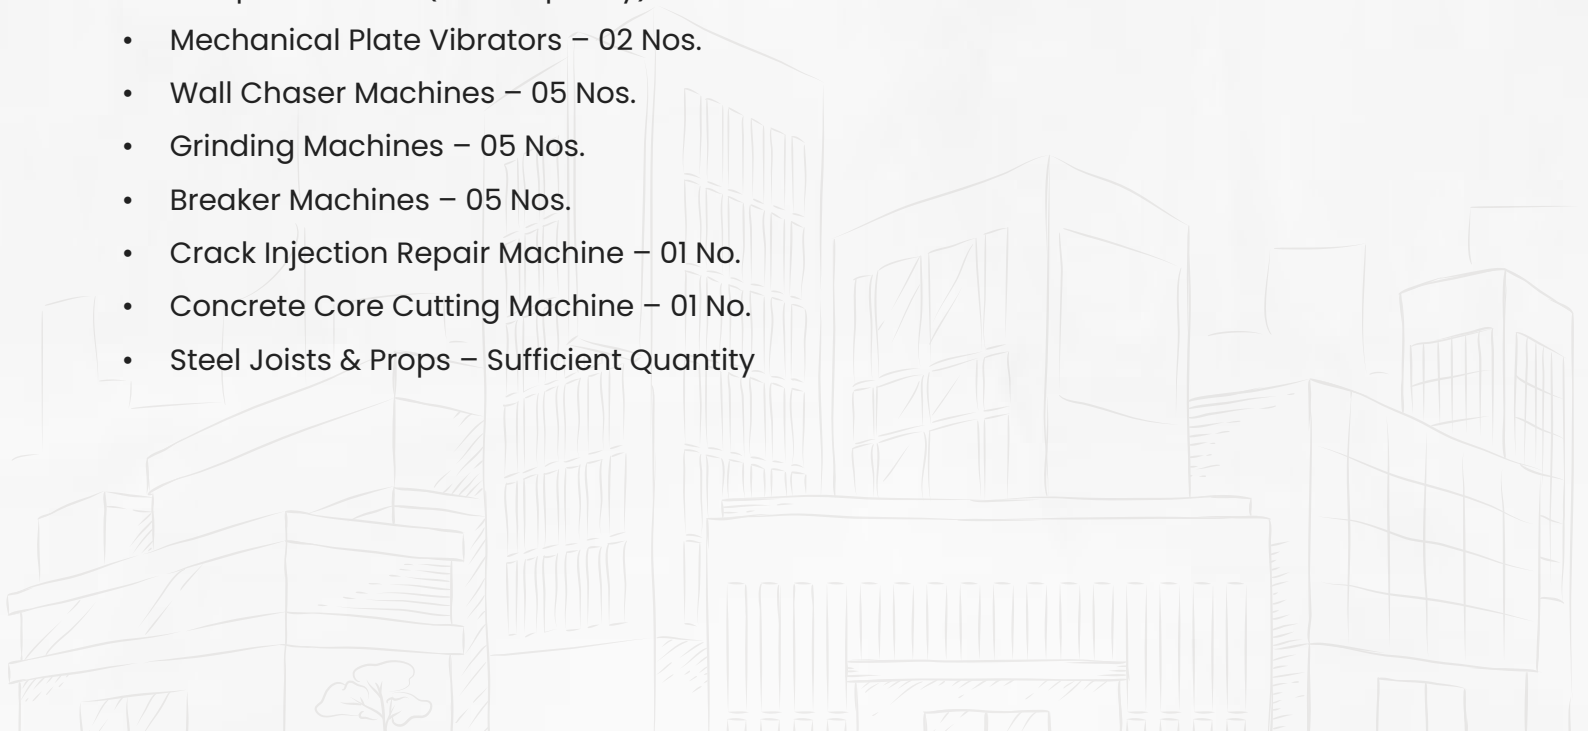

- **Authorized Distributor:** Nippon Paint Bangladesh Pvt. Ltd. (Japan)
- **Sub-Distributor:** MB Solution / BASF Bangladesh
- **Import Partners:** Malaysia, UAE, China

Facilities

Warehouses

- **Warehouse 1**
Merul Badda, Dhaka
 - **Warehouse 2**
Mowchak, Gazipur
 - **Warehouse 3**
Borpa, Narayangonj
-

Equipments & Machineries

- Big Floor Grinding Machines – 05 Nos.
 - Concrete Mixer Machine – 01 No.
 - Diamond Cutter Machines – 02 Nos.
 - Leveling Instrument – 01 No.
 - Portable Welding Machine – 01 No.
 - Pump with Motor (2 HP capacity) – 02 Nos.
 - Mechanical Plate Vibrators – 02 Nos.
 - Wall Chaser Machines – 05 Nos.
 - Grinding Machines – 05 Nos.
 - Breaker Machines – 05 Nos.
 - Crack Injection Repair Machine – 01 No.
 - Concrete Core Cutting Machine – 01 No.
 - Steel Joists & Props – Sufficient Quantity
- 

Our Valuable Clients

Corporate & Industrial Groups

- Antim Group
- Lethi Group
- Beximco Pharmaceuticals Ltd.
- Metro Group
- Dekko Group
- Akij Group
- Gazi Group
- Mohammodi Group
